Obrenovac, 11500 | +381 62 116 2401

dejanfetovski1@gmail.com

With over 8 years of experience as a full stack developer, I have honed my expertise in a wide range of technologies and frameworks, enabling me to deliver comprehensive solutions that span the entire software development lifecycle. My proficiency extends to front-end technologies such as HTML, CSS, and JavaScript, as well as modern frameworks like React, Angular, and Vue.js. On the back-end, I have extensive experience with server-side languages such as Node.js, Python, and Java, along with database management using SQL and NoSQL databases. Additionally, I have a strong understanding of cloud platforms, containerization technologies, and DevOps practices, allowing me to architect and deploy scalable, resilient applications. My years of experience have equipped me with the skills and knowledge necessary to tackle complex development challenges and deliver high-quality, innovative solutions.

## EXPERIENCE

### Full Stack Developer

Apr 2015 - Nov 2023

Ates Soft, Nis

- As a Full Stack Developer, I was responsible for designing and developing both front-end and back-end applications for various clients.
- I also contributed to the continuous improvement of development processes and best practices, helping to streamline workflows and enhance overall efficiency.

### Front-End Developer

Aug 2006 - Oct 2014

Better Collective, Belgrade

- As a front-end developer, I was responsible for creating and implementing user interface components and features for the company's web applications.
- I collaborated with design and back-end teams to translate visual and functional requirements into interactive and engaging user experiences.

### Software Engineer

Mar 1998 - Jun 2005

Coming - Computer Engineering, Belgrade

- As a software engineer, I was responsible for developing and maintaining the company's web and mobile applications.
- I worked closely with product managers and stakeholders to understand and address business requirements and deliver innovative software solutions.
